Dear Lesta M Ammons

I lived with my parents at 140 Frankhauser Rd. Amherst N.Y. from 1952 until 1965.

As a youth my back yard was my playground.

Between Frankhauser Rd. and Sheridan Drive there was a stream that flowed from behind houses on Sunrise Blvd to Frankhauser Rd. The stream went under a culvert on Frankhauser Rd.

to the property that belonged to the Westwood Country Club . At one time the stream went through a field. The golf course changed the flow of the stream when they went from a 9 hole to 18 holes. As I recall there was standing water in my parents back yard, it was not deep, but wet enough that I would wear rubber boots when I was playing there.

If you would like to meet me at my mother's house and have me walk you through her back yard which is about 1 ½ acres I would be glad to.

Sincerely,
Edward Schintzius
