Attn: Mr. Brad Packard

This is in response to your inquiry about Verizon's ability to provide FiOS video, data (internet) & phone services to the residential development – Westwood Neighborhood in the Town of Amherst.

Amherst - Verizon has a video franchise with the Town for FiOS video, data & voice so we would build that at our cost for labor and material.

If you have any questions or concerns, you can contact me by phone (716) 840-8603 or fax at (716) 842-0405.

Sincerely,

John Heckman  
Outside Plant Engineer
